

Dr. McCorkill is a well-trained, caring, and compassionate dental provider and is committed to providing the same comfortable and personalized care that you have come to expect at Brush Dental.

Please join us in welcoming Dr. Stephanie McCorkill.

Hello everyone!

I am excited to announce the beginning of my ownership of Brush Dental. It is an honour to be a part of the legacy of this dental clinic, which has been a pillar in the community for such a long time. Although you have surely appreciated Dr. Caruk as your dentist, I think he deserves to enjoy a much-needed retirement... don't you? Don't say goodbye just yet though, he will still be working on a more relaxed schedule for some time to come.

Now, to introduce myself. I am a life-long Albertan and graduate of the University of Alberta (Bachelor of Medical Sciences and Doctor of Dental Surgery degrees).

I am also mum to four precious kids, Leon (9), Juliette (7), Madeleine (5), and Finlay (3). I am an animal lover, hobby farmer and equestrian, and if I'm not parenting or at the clinic, I can be found at the stable or a horse show! However, I have also been found parenting at my clinic, or checking out teeth at the horse show...

My husband Scott and I also love to travel, adventure, and stay active. From skydiving to volcano climbing, to volunteer dentistry in Kenya (with a safari on the way to the clinic, of course), there's never a dull moment.

I enjoy practicing all aspects of general dentistry (except root canals – I will do it for you, but we can both dislike it together), but am talented in treating kids, as well as with Invisalign and Cosmetic Dentistry. I have lots of before and after results to show you – so just ask!

I am very excited for this new venture and would love to meet you!

– Dr. Stephanie McCorkill
